Scrubmaster B8 - now available for ordering

Dear Sir or Madam,

Please be informed that the “Scrubmaster B8” (replacement for our model “Scrubmaster B10”) is now available for ordering.

However, please note that, due to the current situation concerning coronavirus and the associated production stop on the part of our supplier, we cannot give you any information on expected delivery times for this machine. We will contact you with further information as soon as it becomes available, i.e. when our supplier resumes production of this machine and is able to deliver.

An advance note: In addition to the “Scrubmaster B8”, an electric version of this model will be available soon → “Scrubmaster E8”. We will contact you as soon as the Scrubmaster E8 is available for ordering.

Please find attached our price list for this model as well as a sales presentation and a product video.

We wish you every success with your sales, and please stay healthy.

Benjamin Lindemann
